

NEPTUNE MEMORIAL REEF TRIP JUNE 22ND AND 23RD

Diver's Paradise

Key Biscayne, Florida (305)-361-3483

info@diversparadise.miami www.keydivers.com

Our dive trips depart from in front of our shop in the Crandon Marina, Key Biscayne – Miami.

When using GPS / Uber, be sure to enter "Diver's Paradise" rather than our physical address. The entire marina shares one address and you will end up in the wrong end of the marina.

There is ample free parking.

We have 10spots reserved /Each day \$110.00 air tanks and weights included

SAT 2PM

Neptune Memorial Reef & Captains choice

The Neptune Memorial Reef is the largest man-made reef ever conceived and provides an extraordinary living resting place for the departed, an environmental and ecological masterpiece, and a great laboratory for marine biologists, students, and researchers. It is an aesthetically exquisite, world-class destination for visitors from all walks of life. Neptune Reef is an artistic representation of the Lost City of Atlantis, 40 feet under the sea. These structures have produced a marine habitat to promote coral and marine organism growth while creating the ultimate Green Burial opportunity. The Neptune Memorial Reef attracts recreational scuba divers and homeless fish while enhancing the coastal environment and reducing demand for other fragile natural reefs.

SUN 9AM 2 TANK

The morning of the 23rd, we are doing two natural reef right in front of Key Biscayne. Standard Caribbean marine life is expected.

I reserved an AB&B house to stay Sat night 30min from boat rooms and beds TBD depending on who signs up.
